

# A SPECIAL REQUEST

FAITH FLASH ARTICLE

NOVEMBER 13TH, 2008

**N**o one likes whining missionaries... neither do we. So, this is not a letter to complain, but rather to ask for your prayers on our behalf.

This special letter concerns our dear mother, Missionary Louise Lambeth, the wonderful wife of Bishop J.B. Lambeth (now shouting on the heavenly shores). After father passed on, Sister Louise Lambeth's help has deteriorated tremendously (mentally and physically), especially these last few months.

A few moments ago, word just reached me that she fell unconscious in a supermarket and also suffered injuries to face and bones (details are not yet available). She is currently being rushed to the nearest hospital. As more news is presented, I will pass it along.

The prayer request, however, goes beyond this latest emergency. Whenever her mental state allows, it has become obvious that mother is no longer happy here on earth. She yearns for Jesus and the Bishop.

Plus, Missionary Cleveland (her primary care provider) is very concerned about his ability to provide for her needs (which increase daily).

To sum it all up: the whole Lambeth family is under considerable burden because of the issues connected with mother's situation.

The special request: Please pray that the Lord perform His perfect will for our mother. If her mission here on earth is finished, please pray that the Lord gently prepares her for the eternal reward that awaits her. If He has yet another mission in this life for her, may His divine

touch perform the miracle that she desperately needs... even right now as I write plead. We, of the Lambeth family, are grateful for your prayers at this time.

That is all we need... your prayers... nothing else. Thank you.

The Lambeth Family,

With Rev. John Bradley Lambeth
